Major construction activity is set to begin as early as July this year when Florence Avenue (over I-5) will be reduced to one lane in each direction. Advance coordination and collaboration with the local schools is underway in preparation for this phase of the project that will help alleviate traffic delays. When completed, the bridge will be widened from four lanes to six lanes and additional improvements including enhancements to freeway on and off ramps and pedestrian access.

For questions regarding the I-5 Improvement Projects, call (855) 454-6335 or email the project team at My5LA@dot.ca.gov.

Help Keep Our City Beautiful

In an effort to maintain the quality of life and protect our neighborhoods from potential unsightly conditions, the Department of Police Services provides these code enforcement reminders to keep in mind this Summer.

Canopies
The availability of inexpensive canopies has provided residents a low cost alternative to weather protection. However, canopies fade, quickly deteriorate and when visible from public view, are unsightly. Canopies are not fire-retardant and can lead to a fire hazard or a danger to nearby structures. By code, canopies are prohibited in residential areas of the City, however, they may be used for weekend family gatherings if they are removed the following day. Also, canopies that exceed 120 square feet in size require City approval. Please contact the Department of Fire-Rescue at 941-9087 to obtain permit information.

Patio Furniture
The use of patio furniture (chairs, tables, barbeques, umbrellas, etc.) may be used for weekend family gatherings in front yards only if they are removed immediately after use. It is a violation of the City Codes to maintain patio furniture in the front yards after use.

Wading pools, trampolines, basketball hoop stands, and other recreation equipment
All recreation equipment is prohibited to be used or maintained in front yards of residential properties. Because of the personal injury liability involved, items should be maintained in backyards and used under adult supervision at all times.

Any questions regarding these codes can be referred to the Police Services Center at 409-1850. We wish you a safe and wonderful summer!!

City Council to Honor Family Milestones

Are you or a family member celebrating an upcoming significant milestone? Let us know! The City Council would like to honor you as a special guest during their quarterly presentations at a City Council meeting.

The City recognizes certain milestones such as the arrival of newborn babies, 80th, 90th and 100th birthdays and beyond, as well as 50th, 60th, and 70th wedding anniversaries, and other notable individual achievements.

The next milestone celebration will be held on Thursday, June 23rd at 7 p.m. at City Hall, where celebrants will be recognized during the City Council meeting. If you are interested in being recognized please call 409-7635 and R.S.V.P. by June 6th. Please note that you must be a City resident.

When leaving your information, please include:
• the name or name(s) of the honoree(s)
• the milestone that is being celebrated (e.g., 80th birthday, 60 wedding anniversary, etc)
• total number of guests that will be attending, and,
• a name and day-time phone number for a contact whom we can verify information with

Home & Business Beautification Tours

The City’s Beautification Committee will tour the City in search of beautifully maintained residential homes and local businesses. Now is the time to spruce up your property. The committee will tour the City on May 26th and 27th.

A friendly reminder to keep your properties clear of the following items:
- Place trash cans out of view
- Roll up garden hoses and put away
- Remove Christmas lights
- Canopies should not be visible from the street
- Close garage doors
- Inoperable vehicles should be out of public sight
- Drought tolerant landscapes are allowed (must meet the guidelines set by City’s Planning Department)

If you have any questions, or would like the committee to visit your property, please call Heritage Park at 946-6476.

The Parent Project®

Did you know the Family and Youth Intervention Program offers the Parent Project®? This is a training program designed for parents of acting-out adolescents where they learn crucial parenting techniques to change the behavior of high-risk youth.

Topics include reducing family conflict and arguing, improving school performance and attendance, identifying and intervening with alcohol and other drug abuse, interceding with negative peer associations (including inappropriate dating relationships up to and including gang involvement) and helping parents to set effective applicable limits.

Parents who attend the Parent Project are more likely to see their child’s attendance at school improve, and to require less school based disciplinary resources as parents find powerful interventions at home with which to bring about change in their children. The motto of the Parent Project® is “Parents are the answer…when they have the tools they need.”

Presented three times a year in an educational format, parents are trained at the modest cost of $20 per parent, for the ten week program, and includes a 200-page workbook “A Parents’ Guide to Changing Destructive Adolescent Behavior.”

Parents may register by contacting the Family and Youth Intervention Program at 929-7431 or at www.parentproject.com.

The next 10 week series starts on May 17th at the Betty Wilson Center, located at 11641 Florence Avenue.

Fireworks Safety and Clean Up

The Fourth of July can be a fun time to enjoy the warm weather, delicious barbeques, and outdoor activities with family and friends. The event frequently culminates with a display of fireworks to celebrate Independence Day. But before your family celebrates, make sure everyone knows about fireworks safety.

- Purchase only legal fireworks (Safe & Sane) approved by the US Fire Marshal and store them in a cool, dry place. To report illegal fireworks call the Police Services Department at 409-1850.
- Always use fireworks outside with a bucket of water and a hose nearby.
- Steer clear of others - fireworks can backfire or shoot off in the wrong direction. Never throw or point fireworks at someone.
- Point fireworks away from homes and keep away from brush, leaves and flammable substances.
- Ignite and set-off fireworks from a hard surface such as concrete, gravel, or pavement, never near areas of dry vegetation.
- Parental supervision is vital anytime fireworks are being ignited.
- Light one firework at a time and never relight a dud.
- Don’t allow kids to pick up pieces of fireworks after an event. Some may still ignite and may explode unexpectedly.
- Soak all fireworks in a bucket of water before placing them in the trash.
- Animals can be extremely frightened or stressed due to the noise. Keep pets indoors to prevent them from running loose or getting injured.
- Attend a public fireworks display, leave the lighting to the professionals.
- Do your part, sweep up the debris from fired off fireworks to keep pollutants out of the storm drain system.

The City has a “Zero Tolerance” policy against discharging illegal fireworks. Violators will be issued a $1,000 dollar fine.

Fireworks are meant to be enjoyed, but you’ll enjoy them much more knowing your family is safe. Take extra precautions this Fourth of July and your holiday will be a blast!

Pick Up After Your Pet
Picking up after your pet isn’t just a courtesy, it’s the healthy and environmentally sound thing to do, and it’s required by law. Pet waste can become a neighborhood nuisance. Not only is it unpleasant, it is also a pollutant to our environment. If you own a dog and walk it in public it is your responsibility to pick up their waste and dispose of it properly.

The most practical way is to always carry a pooper scooper or plastic bag with you to pick up your pet’s waste. Remember that it should be picked up and put into a trash can.

When animal feces are left behind, the matter is washed into nearby storm drains. The pet waste contributes to elevated bacteria levels in storm water which ultimately ends at our beaches. Not only does water quality suffer but your health may be at risk too. Pets, children and adults who play outside are most at risk for infection from some of the bacteria and parasites found in animal waste. Flies may also spread bacteria from animal waste.

We would like to remind the community that picking up after their pet is not only being a responsible pet owner it’s the law. A reminder that failure to pick up your pet’s waste on public ways, recreation areas, or private property could result in a fine.
